### ***BRANCH PICK UP BEGINS... MAY 5th***

**Bundled branches will be picked up SIX TIMES in 2025 beginning the FIRST MONDAY of MAY and continuing through October.** The start dates and the rules are listed to the right. You may want to save this list so you can time your trimming to our pick-up dates.

Have your **tied up bundles** at curbside or roadside by 6:30 a.m. on those Monday mornings. Our crew is on a rotating street schedule and it may take

them 3 to 5 days to complete the branch collection. They will visit each area and street only once.

**Branches must be tied up in bundles. We will leave a “red tag” explanation if we don’t pick up your branches.**

#### **START DATES**

**MAY 5 (MONDAY)**

**JUNE 2 (MONDAY)**

**JULY 7 (MONDAY)**

**AUGUST 4 (MONDAY)**

**SEPTEMBER 2 (TUESDAY)**

**OCTOBER 6 (MONDAY)**

#### **FOLLOW THESE RULES:**

- ◇ **Branches cut to 4 feet**
- ◇ **Branch diameter 4 inches or less**
- ◇ **Bundles must be tied with twine or string (no wire or plastic)**
- ◇ **Bundles up to 25 lbs. only**

Our program is intended to help homeowners with the disposal of tree and shrub branches that do not qualify as yard waste. If it fits in a yard waste bag it should not be in the roadside bundle. Our collection service is not meant to remove whole trees.

Please make other arrangements for removal when a tree is cut down.

**Please don’t put your branch bundles in the street.** Place them in the parkway closest to the curb or the edge of the road. Also, we may not be able to pick them up if a parked

car is in the way.

This Road District service is offered only to residences along the roads that we maintain in unincorporated Lisle Township. Please call if you are unsure if we service your road.

59th St. (Belmont Rd. to Woodward Ave.)

#### **South Lisle:**

Essex Rd. (Maple Ave. to Dead End)

### RECLAMITE

We apply surface treatments to preserve and restore other township roads.

**Reclamite** is a sealant used on one year old roads and is reapplied every 4 years. The following roads are scheduled:

#### **Naperville NW:**

Vest Ave.

#### **Carriage Way:**

Carriage Way

Tuthill Rd. (So. Of Plank)

## MAINTENANCE

### **DG/Maple:**

Katrine Ave. (So. Of College)  
Lomond Ave.  
(No. & So. Of College)

### **Steeple Run:**

ParkMeadow Dr.  
Cloverdale Ct.

Our reclamite contractor will seal one side of the street at a time, so at least one lane is open for resident traffic. The sealants need up to four hours of drying time before the lane is opened.

### CRACK-FILL

**Crack-filling** seals cracks too big for the other products to repair. Contractors clean out the cracks then fill them.

Residents living on streets where this work will be done will be noti-

fied by flyer before the work starts.

Our goal is to provide safe, durable and attractive roads and right-of-ways, while minimizing inconvenience to residents.

### CONCRETE

Each season, some curbing is scheduled for replacement. **If** curbing is to be replaced through your driveway, a **pink dot** will be spray painted there to indicate so. You will be given ample notice, via flyer, to move your car out of the driveway. The driveway will not be accessible for approximately 5-7 days. We apologize for any inconvenience.
